

Having been a broadcaster for over 20 years, I am appalled and angered by the decision of Sinclair Broadcasting to air a partisan 'documentary' shortly before the election. I am even MORE angered at the F.C.C.'s refusal to take action to stop it.

The consolidation of our media outlets has led to a situation in which a small number of media moguls are able to bully and intimidate even those government entities created to protect the use of OUR public airwaves. This broadcasting group is being allowed to use a resource, FREE to them, to further a political agenda that will profit them...a power the F.C.C. has handed to them by refusing to strengthen media licensing rules and refusing to defend the 'public interest and necessity.'

Any corporate entity will ATTEMPT to increase their profits by virtually any means necessary. In this case, it is YOUR job to see to it that there are limits to what means they may employ.

You are failing, dismally. As a citizen, a broadcaster and a media consumer, I insist that you do better - starting now.
